Thanks, Hayley.

Let me know if anything happens to change. We'll be happy to keep Administrator Pruitt in mind for events in the future.

Best,

Kristina

Hi Kristina,

I wanted to get back to you regarding this event. Ryan and I chatted last night and looked at the schedule to make this work, but unfortunately, we have a few conflicts and aren't going to be able to participate. We sincerely appreciate the invitation and hope that the event is a success. Please keep us in mind in the future.

Thank you!

Hayley Ford

Thanks, Hayley! That would be excellent.

Ryan and I have chatted about it a bit and I know he's juggling a few things to hopefully make it work.

Let me know if you need anything additional from us. I look forward to hearing from you soon!

We think this would be an excellent opportunity for Pruitt to speak to TSCA implementation and showcase how industry is voluntarily lowering emissions without regulatory intervention.

Hello Kristina,

Thank you for sending this along. This might fit in nicely with our travel plans that week. Let me run this by Ryan and our scheduling team this week and see if we can make it work. I will plan to circle back with you by Friday if that's not too late.

Thank you!

Excellent. Thank you, Millan.

Hayley – do you need anything else from me?

Attached is our attendee invitation for your review as well.

The speaking time for Pruitt has now been requested at 15-20 minutes if that helps as well. I think he has OU Dad's day on the 11th of November if I remember Ryan telling me correctly. We'd be done with our event by 11am CT on the 10th of November if that also helps.

Thanks so much!

Kristina,

I am so glad you reached out. Looping in Hayley Ford who is assisting with our scheduling. She will be able to work with you on this event.

Warm regards,

Millan Hupp

Hey Millan! I'm sure Ryan has a full plate and I thought I'd put this in your hands too. Do you need anything from me to get this confirmed?

It's likely that we'll have the other cabinet members there as well.

Subject: Nov. 10 VIP Event - Commissioning Newest Chemical Facility (Chevron Phillips)

Hey Ryan!

Hope you are doing well! We're interested in inviting Administrator Pruitt to attend a VIP event we're holding on Nov. 10 at our Sweeny/Old Ocean, TX facility. The celebration is to mark our full downstream plastics operation and brand new unit as up and running. This is an excellent event to message TSCA implementation, the industry voluntarily taking initiative to lower emissions (the new unit as the most up to date technology with all the bells and whistles), energy jobs, the growing energy sector, the importance of worker safety (as Chevron Phillips boasts an impressive worker safety record), and of course – resilience of the industry to bounce back from Hurricane Harvey.

The event will begin at 10 am CT and a VIP tour of the new facility will be offered to a select group at 9:00 am CT. We'd love for Administrator Pruitt to give remarks for five to seven minutes (length of time is subject to change – may be longer) as 300 Chevron Phillips employees will be filling the audience. We'll serve light food/beverages for attendees. The entire event will be done by 11:00 CT. There will be a short time between the conclusion of the tour at 9:45 am CT and the beginning of the event for meet and greet time with senior executives of Chevron Phillips Chemical, Chevron Corporation, and Phillips 66.

We'll have a step and repeat in a holding area for photos and any media interviews Pruitt would like to do. Of course, the opportunity for a gaggle is available before and after the event.

Other VIPs we are inviting are: Secretary Rick Perry (DoE), Secretary Alexander Acosta (DoL), Sen. John Cornyn, Sen. Ted Cruz, Chairman Kevin Brady, Rep. Brian Babin, Rep. Randy Weber, and Gov. Greg Abbott.

Do you think Pruitt would be able to attend?

Thanks, and let me know if you need anything else from me! We'll have a more formal invitation to follow.

Best,

Kristina
