FROM (NAME & LOCATION) A. H. Conrad - Texas City

DATE June 1, 1983

SUBJECT SHAC Minutes from Meeting of May 25, 1983

REFERENCE

cc G. L. Tromblee
G. Escamilla
J. H. Cross

TO : R. Baca
W. Latimer
R. M. Fritz
R. T. Hammann
W. G. Howe

The meeting was abbreviated because of expanded staff meeting scheduled for 1400 hours.

Reviewed plans for expanded staff. Conrad will introduce presentation and review objectives of the Quarterly Safety and Housekeeping Inspection. Hammann will summarize judging methods and ranking system used in the First Quarter. Howe will discuss plans for the Second Quarter Inspection.

Conrad gave status report on "Holeman Duties". Requested that everyone read draft copy and comment at next SHAC meeting.

Conrad announced that the Technical Center Safety Committee planned to present a seminar on Hurricane Protection during the month of June.

Fritz reported that we may not get any newspaper publicity on the Second Quarter Safety and Housekeeping Inspection. Donna Dickson was ill and there may not be any newspaper published. It was agreed that we would use bulletin board announcements, expanded staff, and the sign boards at the two gates.

Hammann reported that there was to be some changes in the hearing conservation program. Controls will be tighter. LP&S will be asking SHAC to make recommendations on the implementation of the new program.

Hammann stated that in his opinion, nitrogen back flow preventers were not being checked according to the Procedure Bulletin. SHAC will issue a reminder on the importance of this procedure and what is required.
