Unrelated to the time of the call, I will be participating for AWC along with our VP of Communications, Heather Stegner. I have shared the contact information with her and will share the time with her once determined.

Good morning. Could you hold both 11am – 11:45am and 2:30pm – 3:15pm for now? I should know by this afternoon on which time slot we could make work for the Administrator.

Aaron and Bob,

My sincere apologies for coming back to this, but a conflict has come up at 2pm. Would it be at all possible to schedule this for a time between 9:00am and 2:00pm?

If not, I understand and we will keep the 2pm time.

Best,
Christine

Thank you for following up Aaron and for your persistence in getting the correct email!

I will offer my assistant Christine Amoonarquah to coordinate with our members on a call to discuss this with Administrator Wheeler. This sounds like an excellent opportunity. We will be happy to coordinate with those on the email here and follow up to provide some timeframes tomorrow.

Thank you again,
Heidi

Subject: Smart Sector Partner Call with EPA Administrator Andrew Wheeler

Hello,

I hope this email finds you well. On April 16th EPA released 8 new sector snapshots, including one for your sector. As a follow-up to publication of the snapshots, we would like to invite you, as well as any representatives from your member companies, to a call with Administrator Wheeler. This call would serve as an opportunity to discuss the snapshots, your participation in the Smart Sectors Program, and other issues pertinent to your sector.

Please respond with any times on Friday, May 1, 2020 that would not work for your organization. Once the call is scheduled, the Smart Sectors Program staff will be in touch with you to confirm attendees and learn of any topics you intend to raise on the call.

Thank you.
