

Exec. Com. Res. 8-5-16

RESEARCH DEPARTMENT.

The following resolution, introduced by Mr. Emrich that a Research Department be organized, consisting of Messrs. J. F. Glidden, A. S. Kittelberger and J. H. Hinz to work on new and old productions with a view of improving, if possible, the quality of the old productions at the same or reduced costs; and create, if possible, new productions which can be marketed at a profit to the Company. This committee to work hand in hand with the Manufacturing Committee, the Sales Department and Purchasing Department. Reports of the progress of this Committee to be made to the Manufacturing Committee and all new productions to be thoroughly tested and approved by the Manufacturing Committee before being offered to the trade.

Further that the following auxiliary members, G. F. Hackathorn, S. C. Schorndorfer and H. R. Hendricks be appointed to work with the Research Department.
