One Plastics Avenue
Pittsfield, Mass. 01201

Dear Mike:

I enclose the data concerning polychlorinated biphenyls which you discussed with Dr. Richard. The enclosed data consists of the following documents:

- 1) Toxicity Information on Aroclor 1016.
- 2) The Degradation Of Polychlorinated Biphenyls By Micro-organisms- R. A. Baxter, P. E. Gilbert, R. A. Lidgett, J. H. Mainprize and H. A. Vodden.
- 3) Identification of chlorinated dibenzofurans in American polychlorinated biphenyls.- R. W. Risebrough
- 4) Polychlorinated Biphenyls - Storage, Distribution, Excretion, and Recovery: Liver Morphology After Prolonged Dietary Ingestion - Virlyn W. Burse, Renate D. Kimbrough, Ellen C. Villanueva, Ralph W. Jennings, Ralph E. Linder, G. Wayne Sovocool.
- 5) Laboratory Model Ecosystem Studies of the Degradation and Fate of Radiolabeled Tri, Tetra, and Pentachlorobiphenyl Compared with DDE - Robert L. Metcalf, James R. Sanborn, Po-Yung Lu and Donald Nye.
- 6) A Comparative Study of Two Polychlorinated Biphenyl Mixtures (Aroclors 1242 and 1016) Containing 42% Chlorine on Induction of Hepatic Porphyria and Drug Metabolizing Enzymes.

- 7) Biodegradation of Polychlorinated Biphenyls - E. Scott Tucker, Victor W. Saeger and Orville Hicks.
- 8) Tissue Residues From Subacute Oral Feeding of Polychlorinated Biphenyl Dielectric Fluids - Robert G. Kaley, Orville Hicks, William M. Mees, E. Scott Tucker, James P. Mieure, Frederick R. Johannsen and George J. Levinskas.
- 9) Migration of Polychlorinated Biphenyls in Soil Induced by Percolating Water - E. S. Tucker, W. J. Litschgl, and W. M. Mees.
- 10) Acute Toxicity Studies with MCS (Aroclor) 1016.
- 11) Presentation To The Interdepartmental Task Force on PCBs, Washington, D. C. - Monsanto Company.

Yours sincerely,

David Wood
Market Manager
Dielectrics
