Dear Joyce:

Attached are hand written copies of the Annual Report and covering letter which you should formalize and send in to State of Georgia on your Hazardous Waste situation.

Also enclosed are copies of the instructions and master forms for you to use.

Please send me a copy of your mailings to the State for my files. You can also copy your Supervisor.

I am keeping the master sheets and Georgia Law in my file for future use and reference.

If you have any questions or problems on EPA matters don't hesitate to call me.

Sincerely,

Don Johnson
Plant Engineer
