DOCUMENT DESCRIPTION: Letter from Keasbey & Mattison to Dr. Gardner
Requesting He Complete His Report by Autumn at the Latest

KEASBEY & MATTISON COMPANY
Ambler, Pennsylvania

July 23, 1948

Dr. Leroy U. Gardner
Saranac Laboratory
Saranac Lake, New York

Handwritten signature/initials

Dear Dr. Gardner:

As you know, I have, over the past five years, been very interested in asbestosis and have from time to time communicated with Mr. Vandiver Brown to ask how you were getting along with your experimental work on behalf of the asbestos industry and when we might expect to receive your final report giving your definite recommendations.

I am now writing direct to you with the request that you be so kind as to do everything possible to complete your report and let us have it by this coming autumn at the latest.

Trusting that you can see your way clear to carrying out this request and with best wishes, I remain

Yours sincerely,

Handwritten signature of President
