Attention: Mr. Gus Peed, Vice President and
General Manager

Dear Gus:

We have been advised by the Dow Chemical Company that the previously announced VCM price increase of 2¢/lb. from 10.5¢/lb. to 12.5¢/lb. effective January 1, 1975 has been rescinded. As a result of this action, the paste resin prices noted in the December 20, 1974 letter from A. W. Andrews to Borden, Inc., subject PVC Sales Agreement are revised downward by 2.22¢/lb. for each of the products listed. The new price schedule effective January 1, 1975 is as follows:

Price Schedule D

Opalon 440	30.31¢/lb.
Opalon 411	29.63¢/lb.
Opalon 410	31.76¢/lb.

Cordially,

G. M. Ellsworth
