6 BY MR. WILLIAMS:

7 Q Doctor, I think you testified when I showed
8 you the photo of the fibrous material that you had
9 similar results when you conducted your own test?

10 A By appearances, yes.

11 Q By appearance. And you indicated that
12 attached to this fiber were some things that you
13 viewed to be consistent with phenolic resins or binder
14 materials.

15 As a toxicologist and industrial hygienist,
16 do you find that to be significant?

17 A I certainly do.

18 Q Why?

19 A It is important to understand that fibers
20 that are -- that have been recognized to be
21 potentially harmful are very, very large compared to
