Good afternoon,

On behalf of the Medical Device Manufacturers Association (MDMA), I am writing to express support for our members' request for presidential exemptions to the deadlines in the National Emission Standards for Hazardous Air Pollutants (NESHAP): Ethylene Oxide Emissions Standards for Sterilization Facilities Residual Risk and Technology Review.

Please find our formal letter attached.

Should you have any follow up questions or concerns, please contact me at mleahey@medicaldevices.org or 202-354-7174.

All the best,
Mark
