Dear Sir:

In order to meet the requirement of the Occupational Safety and Health Act of 1970, it is necessary for us to receive complete information to provide appropriate precautions and engineering controls. We would appreciate your furnishing a material safety data sheet on the following products manufactured by you and used by this Shipyard.

Asbestos Rope Wicking - commercial grade
Asbestos tape and cloth -underwriters grade, AA grade and AAA grade

We are especially interested in the asbestos content of these products.

Thank you very much.

Mrs Susan K Spencer
