Dear Mr. Brown:

Thank you very much for your letter of March 20th advising me of your recent luncheon with Dr. Gardner's new assistant, Mr. Manfred Bowditch, and also that Dr. Gardner is away on an extended trip.

Just like yourselves, we are patiently awaiting Dr. Gardner's final report on his asbestos dust experiments, and do hope that his now having more assistance will make it possible for him to submit the long delayed report to us in the not too distant future.

With kind personal regards and hoping that I may have the pleasure of seeing you again soon, I remain

Yours sincerely,

President
