Mr. Carmen Maetri
Industrial Bio-Test Laboratories
1810 Frontage
Northbrook, Illinois 60062

Dear Carmen:

I am sending you 3 samples identified as follows:

AROCLOR 1242	Lot KK-475	ETL No. 72-58
SANTOSOL 300(MB-30)	Lot AA2	ETL No. 72-59
MIPB (Dixie Chemical)		ETL No. 72-60

These are to be tested for acute toxicity to fish using the MCA screening test at levels 0.1, 1, 10 and 100 ppm. Both bluegills and trout are to be the test species.

A schedule for the initation and completion of these tests and a separate report for each product would be appreciated.

Sincerely,

George J. Levinskas
