Subject: Request to meet with Administrator Pruitt on October 19

Amy, John, and Amy:

On Thursday, October 19, the American Public Power Association's CEO Climate Change & Generation Policy Task Force will meet at APPA's offices in Arlington. We would like to invite Administrator Pruitt to meet with the task force that day to discuss the regulation of greenhouse gases from electric generating units. The meeting typically runs from 9:00-4:00 p.m. with CEOs flying in the night before and then leaving right after the meeting ends. We would love to have the Administrator attend the meeting at our offices in Crystal City for an hour (or whatever amount of time he has) to meet with our CEOs.

This is the meeting I referenced when we met in May. If you need more details on the task force, please let me know. Several of the members of the task force were in attendance with Administrator Pruitt last Monday (June 19) at his CEO roundtable.

Thank you so much.

Desmarie
