

FEATURE #1

- all of our *basecoat* products will be packaged in *tan bags*; examples — RED TOP Gypsum Plaster — STRUCTO-LITE — IMPERIAL Basecoat Plaster.
- all of our *finish* products will be packaged in *white bags*; examples — IMPERIAL Finish Plaster — Gauging Plaster.

tan bag indicates basecoat material.

white bag indicates finish material.

FEATURE #2

- a solid red band on the top of the bag indicates content of bag is a non-aggregated product; examples — RED TOP Gypsum Plaster — Wood Fiber Plaster — Regular Gauging Plaster.
- a semi-solid red band on the top of the bag indicates content of the bag is an aggregated product; examples — IMPERIAL Plaster — STRUCTO-LITE — Quality Gauging Plaster.

solid red band on top indicates non-aggregated.

semi-solid red band on top indicates aggregated.

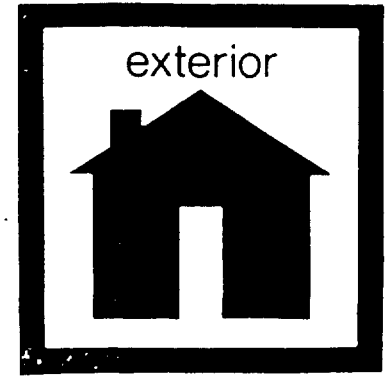

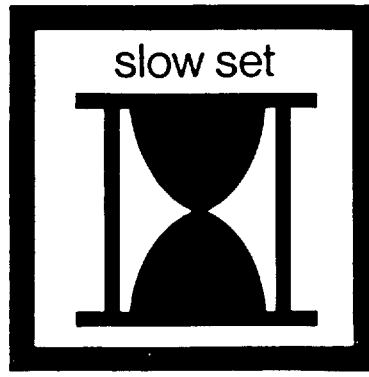

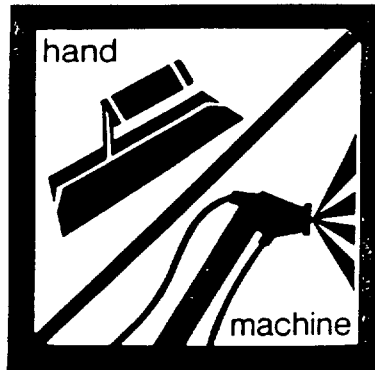

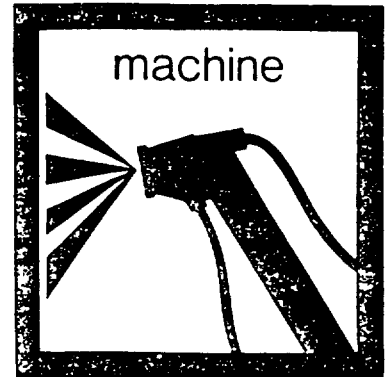

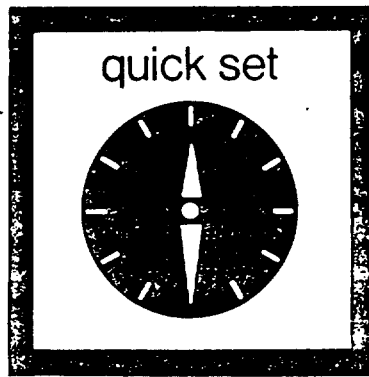

FEATURE #3

company identity, the product name or brand, and the product type or use will appear *clearly* on *all* edges and ends — and on the front of the bag.

FEATURE #4

special formula or unique product characteristic will be identified on all edges and ends of the bag.

FEATURE #5

print ink colors and print style have been selected to provide highest visibility under poor lighting conditions found in many storage areas.
