It is no wonder painters and interior decorators are loud in their praise of results obtained from using this remarkable paint. It is a matter of pride to us that we can supply Martin Senour's 100 per cent pure paints and varnishes to our customers.

We should be glad of the opportunity to show you samples painted with this wonderful paint, and tell you what the paint for your job will cost. Martin Senour's paint is not the cheapest paint per gallon but it certainly costs less for the job. It covers more space and gives longer service.

House paints and varnishes, both for interior and exterior work, as well as interior stains, enamels and enamel undercoats, for this is a complete paint line.
