SUPPLIERS

AMERICAN CHEMET CORP.
Copper Oxides
AMERICAN COLLOID COMPANY
Vegetable Derivatives
AMERICAN TRIPOLI DIVISION
Ground Tripoli
MINIKOTA STONE PRODUCTS CO.
Combining & Camellia
Combining & Camellia
DEBUSSA, INC.
Acrylic & Plastic Agents & Carbon Black
DIAMONTE PRODUCTS MFG. INC.
High Purity Grinding Media
FREEMAN CHEMICAL CORP.
Chemical Coatings Resins
FREEPORT RAGLIN COMPANY
Al-Sil-Als Pigments
HAMMOND LEAD PRODUCTS, INC.
Lead & Heavy Pigments
ILLINOIS MINERALS COMPANY
Amorphous Silica
PENNSYLVANIA GLASS SAND CORP.
Crystalline Silica
PRIZER INC. M. P. & M. DIV.
Bagging & Crystallized Soda & Tals
PERVEL INDUSTRIES, INC.
Cold Dispersion & Vinyl Chloride
SHAR, INC.
Mining Equipment
SOUTHEASTERN CLAY CO.
Air Flashed Clay
TROY CHEMICAL CORPORATION
Paint Additives & Pigments
UNITED STATES GYPSUM
Tard Albs
U.S. MICA CO., INC.
Wet Ground Mica

PRODUCTS

- AEROSIL**—The original submicroscopic fumed Silica for thickening; suspending; balling; free flow agent.
- AL-SIL-ATE Pigments**—Calcined, Delaminated, Washed.
- ANTI-SKINNING AGENTS**—Troykyd Anti-Skin; Anti-Skin B; Anti-Skin BFO; Odorless Powder; Odorless Liquid.
- ASBESTINE**—Fibrous Talc.
- BARIUM SULPHATE**—Natural, Precipitated.
- BARYTES**—White Pigment Grade.
- BENTONITE**—Volclay, All Grades.
- BLANC FIXE**—Precipitated Barium Sulphate.
- BODYING and PUFFING AGENTS**—Troykyd A; ZIBA; Compound XYZ; ABC.
- CALCIUM CARBONATE**—Natural, Precipitated, Technical, USP.
- CALCIUM SULPHATE**—Technical, Food and Pharmaceutical.
- GAMELCARB**—Pure Natural ground Calcium Carbonate, average particle size 7.0 microns.
- CAMELTEX**—Pure Natural ground Calcium Carbonate, average particle 4.5 microns.
- CAMELWITE**—Pure Natural ground Calcium Carbonate, average particle size 3.0 microns.
- CAMELCAL**—Superfine natural calcium carbonate in slurry form, 0.6 average particle size.
- CLAYS**—China, Colloidal, Domestic, Calcined.
- CRAYONS**—Imported.
- DEFOAMERS**—Troykyd 333; 666; 999; Powdered Defoamer 262, Non-Silicone.
- DIAMONITE GRINDING MEDIA**—High Density Rods and Balls; Sand Mill Media.
- DRIERS**—Naphthenates; Octoates; Water Dispersible; Synthetic Acid.
- DRUM LINERS**—Rigid plastic for in-plant mixing and storage.
- #32 FIELD WHITE®**—"The Safe Sports Marker".
- FLATTING AGENTS**—OX-412; HX-125; TS-900; TS-100.
- FLUSHED and DISPERSED COLORS**—In various solvent systems; also water dispersions; dry blends for Vinyl; also in Universal Vehicles.
- FUNGICIDES**—Mercurials; Trayson PMA-100; PMA-30; PHA-10 SEP; CMP Acetate; PMO-30; PMDS-10 Non-Mercurials; Trayson 142; 174; 192; 164; Polyphase; Anti Mildew O.
- GYPSUM**—Powdered, Terra Alba, Food and Pharmaceutical.
- HIGH SPEED MIXERS**—From 1 to over 200 H.P. for Coatings, Inks, Food Products, etc.
- IRON OXIDES**—Yellow; Red; Black; Brown.
- KADLIN**—Powdered, Domestic.
- LEAD OXIDES and PIGMENTS**—Litharge; 95, 97, 98 Red Lead, Basic Carbonate White Lead.
- LIMESTONE**—Dry and Wet Ground.
- LITHOPONE**—30% White Zinc Sulfide Pigment for rubber, plastics, paint, inks.
- MAGNESIUM SILICATE**—Fibrous, Powdered, Government Specifications.
- MICA**—Flake, Powdered, Wet and Dry Ground.
- MICRO SILICA**—5, 10, 15, 25, 30 Microns; both Amorphous and Crystalline.
- POLYURETHANES**—For Marine Spars; Gym Floor; Metal Primers; House Paint Primers; Latex Shingle Stains.
- PUMICE STONE**—Powdered.
- PYROPHYLLITE**—Pyrex.
- RED LEAD**—Paintgrinder's Specification Fed. TT-R-191b; ASTM D83-41.
- RESINS**—Water Reducible; Alkyds; Epoxy; U-V Cure Resins.
- SHELL FLOURS**—Organic Fillers for Plastics, etc.
- SILICA**—Amorphous, Crystalline, Microsilized.
- STEARATES**—Aluminum, Barium, Calcium, Lead, Magnesium, Zinc.
- TALC**—Powdered, Cosmetic, Fibrous, Industrial, Pharmaceutical, Asbestos Free.
- TERRA ALBA**—Domestic, English.
- TRIPOLI**—Powdered, Rose, Cream.
- ULTRAMARINE BLUE**—Red, Green Shade.
- VINYL CHIPS**—Maximum gloss, wide compatibility; fast dissolving.
- VOLCLAY**—Bentonite, Granular, KWK, Powdered, USP.
- WETTING and GRINDING AIDS**—Colloidisperse; 98-C; Troykyd Anti-Sag, W.D. Lecithin; LLBA.
- WHITE CORROSION INHIBITING PIGMENTS**—Hammond P-7 and Halox.
- WHITING**—Chalk, Limestone, Precipitated.
