ASBESTOS STUDY COMMITTEE - LABELING SURVEY

FEB 16 1973

(25 Requests 15 replies, all questions not answered)

<u>Question</u>	<u>Yes</u>	<u>No</u>	<u>Undecided</u>	<u>Not Applicable</u>	<u>Comment</u>
1.1 Now label replacement shipments	1	13			
1.2 Now label O.E.M. shipments	2	11		2	D
2.1 Plan to label replacement shipments?	5	5	4		A,B
2.2 Plan to label O.E.M. shipments?	6	3	4	2	
3.1 Interpret OSHA to require labeling where subsequent machining is expected?	10	4	1		C

- A. Member replying YES, states: "If such practice is required and/or adopted by FMSI."
- B. Member replying NO, states: "Our material has been treated with a binder - therefore no raw asbestos is present."
- C. Member replying YES, states: "We will label if it is determined that our bonding or binding material does not meet the standard."
- D. Member replying YES, states "We imprint cartons 1/4" letters, two sides of carton. We do not imprint cartons for OEM service outlets where linings are completely drilled and taperground requiring no subsequent operations on the linings."
