To All -

As an FYI - Bill Frick briefed the API General Committee on Law on the current status of the BHRC, including our current funding status. He essentially gave the NPRA presentation he gave earlier this year.

Consequently, company legal departments now have the required information to provide council, as they see fit, to company executives.

Hi Patsy -
Sorry - I didn't think to include Sheill Oil since you are Shell Chemical - my oversight.

Shell Oil's official representative on the General Committee on Law is Catherine Lamboley. I have a call to find out if she did attend the 3/14 meeting, and if not, if Shell send someone to represent her.

I'll pass along that information as soon as I get it.

No word on the Executive Committee meeting yet - guess we'll just have to be patient and wait for 2 PM.

Again, sorry for my oversight,
Lorraine

Lorraine,

Would you provide the name of the Shell Oil Company rep?

Thanks,
Patsy
