Makeup sessions for personnel who missed the Vinyl Chloride Instructions on June 22 and 23 were held on June 28 and 29, 1977. Attendance was as follows:

K. Macy, Sr.	R. Underwood	C. Page	W. Rines
D. Miller	K. Cardner	T. Flint	V. Perez
J. Mead	S. Streeter	J. Barlow	F. Sciabarassi
C. Paradis	R. Slocumb	P. Martinez	S. Bland
P. Houle	C. Snyder	V. Szewczyk	L. Gibbons
R. Boutotte	R. Damien	S. Valois	A. Stupak
J. Wood	D. Loiselle	W. Asbury	P. McDonald
C. Atwood	F. Beland	W. Rameau	J. Sangster
R. Hall	S. Forest, Jr.	P. Renda	M. Shepard
F. Mangiacotti	M. Ignachuck	R. Gagne	K. Macy, Jr.
P. Krawchuk	F. Leger	E. Nelson	B. Salem
P. Tata	P. Harvey, Jr.	N. Charette	

The lesson plan used was identical to the June 22 and 23 sessions.

Feedback consisted of the following:

1. How often have emergencies been reported to the OSHA Area Director? It was stated that the excursions which met the OSHA criteria for reportable excursions have been reported.

2. Is the hood design for the sample hood in Polyco final? It was stated that we feel this design is a significant improvement and that further change will not be necessary. However, if this change is not effectiv , further modifications will be undertaken.

3. Other feedback at the sessions was very similar to that at the June 22 and 23 meetings.
