Mr. J. A. Marian, Product Manager
Gypsum Products
Johns-Manville Sales Corporation
22 East 40th Street
New York 16, New York

Dear Mr. Marian:

Within the past two weeks a letter was addressed to Mr. Dennison relative to which party should be responsible for charges of certain forms used in the sale of gypsum products manufactured by Bestwall to J-M accounts.

One of these forms used in quantity by J-M salesmen is the "Customer's Material Handling Information" sheet. In the interest of getting J-M setup rapidly to properly handle gypsum orders, Bestwall furnished this form in quantity. In the future, it will be J-M's responsibility to provide these forms to J-M salesmen so that they can get the proper information to the Bestwall plants to properly handle J-M orders. Forwarded herewith is a copy of Form HC362, which is the new revised form being used by Bestwall. You may use this as a guide in setting up the corresponding J-M form to be distributed through your normal channels to your sales people in the field.

Very truly yours,

BESTWALL GEETAIN-TEED SALES CORPORATION

C. E. Abbey
Merchandise Manager, Gypsum
