

1 suction to help with the dust?

2 A Not to my knowledge, no, nothing. It was a
3 closed room and it was on the top, if I remember, it
4 was a window. Yeah, it was a window, small window for
5 light.

6 Q And Mr. Grewe, you recall working in there?

7 A That is right.

8 Like I said, everyone who had problem, we
9 went to him and he was the man who give us the hand
10 and help us and do the best that he can for us.

11 Q Now, why is it that Foreign Motors moved to
12 Bel Air Road off Moravia, if you know?

13 A I don't recall because the next day they
14 call me to go to the other side, the other store.

15 First of all, we had also a lot of problems
16 with breakage. We had tools, very expensive tools we
17 bought ourselves.

18 The weekends we had breaking. We had a lot
19 of breaking in the parts department, our tools sitting
20 there and because we was leaving the tools there.
21 There was a lot of damage to the cars, also.
