SUBJ: IH TRAINING SESSION AT IH MEETING

VISTA

Attached are the results of the poll on what subjects you would like to be emphasized during a "classroom type" training session at the annual meeting in November. I'll proceed to develop a program, probably with a consultant, that would include the top 3-4 subject areas.

Once the program is firmed up, you can decide if there are others at your plant involved in the IH programs that would benefit from attending.
