R. T. Hammann-O-22

Following are the minutes of the March 28 SHAC Committee meeting:

Hourly Safety Committee Meeting

The results of the Hourly Safety Committee's March meeting were reviewed. No new items requiring SHAC attention surfaced during the meeting. SHAC will write an article for the plant News Letter addressing a previous concern - individuals not leaving keys in vehicles. This article will address the intent of this rule as discussed in the last PMSB meeting.

1984 Annual Inspection

The rough draft of the proposed tour route was reviewed. A memo will be sent to G. L. Tromblee recommending a four day inspection using Chocolate Bayou personnel.

Emergency Procedure Drill

A. H. Conrad and W. G. Howe reviewed the proposed Emergency Procedure Drill. R. L. Whitehead (TCSC) and L. Garza (OSC) were also present. Assignments for implementing and monitoring the drill were made using members of SHAC, HSC, TCSC, AND OSC. A. H. Conrad and E. P. Bailey will confirm the drill date with G. L. Tromblee.
