(Whereupon, Plaintiffs' Exhibit Numbers Millette 1 through Millette 16 were received into evidence.)

MR. SMITH: Thank you.

BY MR. SMITH:

Q Now, with respect to the sanding procedure, do you recall what the fiber release results were, or would you like to take a look at your report?

I take it you prepared a report at our request?

A That is correct. Yes, I would like to read from the report, if I may.

MR. SMITH: Your Honor, may I approach?

THE COURT: Please.

BY MR. SMITH:

Q If you could explain to us briefly how you categorized the results?

A We had results from the sanding of the brake shoes. We did sanding on all four brake shoes, and we found 2.2 fibers per cc by the light microscope technique. And then by the electron microscope we
