Dear Mark:

Enclosed for production in the above referenced cause are documents bearing production numbers ST503-0000001 through 0000023 and ST503 0000025-0000036. Please note that due to a clerical error ST503-0000024 was numbered, but is not responsive to any request.

ST503-0000001-0000013 are responsive to requests 4 and 5.

ST503-0000014-0000016 are responsive to requests 4, 5 and 6. It is our understanding from Shintech, that the language about the hazards of PVC embedded in these bills of lading is representative of what appeared on all bills of lading sent to customers in 1982 (the only year for which Shintech has any record of any kind for sale of PVC to Pantasote's Passaic, New Jersey plant during the period set for the in the document request).

ST503-0000017-0000023 are responsive to request 4 and 5.

ST503-0000025-0000026 (MSDS sheets) are only being produced as samples of the MSDS sheets that were available at Shintech in the time periods that they represent.

Very truly yours,

Christopher M. DiMuro
