PROJECT MR-10064-001 PART II

TITLE: In Vitro Method to Simulate Gastric Bioavailability of Lead-Contaminated Soil

Authority is requested to conduct *in vitro* experiments to simulate gastric bioavailability of 7 lead-contaminated soils. Details are in the study protocol, provided under a separate cover. The cost of the study will be \$11,000, paid in one installment.

Full cost requested:	\$ 11,000	Forecast month and year:	
Previously authorized	\$ 0	Experiment to start:	11/94
Expended through [date]	\$ 0	Experiment to end:	12/94
General Ledger & Sub-Account to be Charged _____		Final report to issue:	2/95
		Request for study made by:	Philip D. Walling

TESTING X RESEARCH _____ CONSULTING _____
(Check appropriate classification)

If this request meets with your approval, please enter the GENERAL LEDGER AND SUBACCOUNT TO BE CHARGED, the CLASSIFICATION, and have it PROPERLY AUTHORIZED.
