

August 9, 1946

Dr. McKeen Cattell,
Department of Pharmacology,
Cornell University Medical College,
1300 York Avenue,
New York City 21.

Dear Dr. Cattell:

Thanks very much for your letter of July 22. I fully appreciate your point of view concerning our work on DDT and the publication of the results. I agree with you in every respect.

I am off for a bit of a vacation, but when I return, I trust somewhat relaxed and perhaps with a better point of view, I shall undertake to see what can be done toward the preparation of a paper that may be of interest to your Journal.

With kindest personal regards,

Cordially yours,

Robert A. Kehoe, M. D.
