April 13, 1979

To: INDUSTRIAL HEALTH & SAFETY COMMITTEE

Subject: Agenda for Next Meeting

The next meeting of the Industrial Health & Safety Committee will be held on May 9, 1979 in the Offices of the Shipbuilders Council of America at 9:30 AM. For your information, the Environmental Control Committee will be meeting on May 8, 1979. Also, the Subcommittee on Labor Standards of the House Committee on Education and Labor will be holding hearings on asbestos on May 8, 1979.

AGENDA

1. Install Mr. George L. Bowen as new Chairman.

2. All yards are requested to provide number of man-days which OSHA inspectors have spent in individual yards each month for the past 12 months, if possible.

3. Information exchange on use of fire retardent material for protecting welding and burning operations.

4. Briefing on Workers' Compensation activities and meetings with Congressman Beard in New Orleans April 16-18, 1979.

5. Exchange of experiences with asbestos litigation, claims and other relevant information.

6. Update report on partial stay ruling on OSHA lead standards and SCA legal action.

7. New Business

WORKING LUNCH

The afternoon will be devoted to a markup and rewrite of the "Project Safeyard" report. As per agreement with

the Maritime Administration, the Industry Advisory Committee will finish the report without Safety Sciences Corporation and Long Beach Naval Shipyard. Those who have participated in prior working sessions are urged to come prepared to wrap up this project by staying over another day if necessary.

Frank R. Kesterman
Vice President and
Secretary
