March 13, 1980

To: I. Sargent

Subject: Talc and Talc Filled Polypropylene

It has been confirmed by telephone conversations that Whittaker, Clark, and Daniels, Inc., does not supply asbestos-containing talc products to Ford Motor Company.

Complas Industries, Inc., and Thermofil, Inc., have also indicated via telephone that their talc-filled polypropylene materials do not contain asbestos.

If you have any further questions, feel free to contact me at the Industrial Hygiene and Toxicology Department 32/33182.
