Holloway, Janosky, Martin,
McKiernan, Sloan

FROM Mr. L. Sarlo, Jr.
LOCATION Gloucester

SUBJECT: MONITORING OF INTERNAL ENVIRONMENT - GLOUCESTER

It has been suggested by Mr. Fassuliotis that we delegate one person to perform required air sampling in various areas of our operation. The man we have chosen is Mr. Jack Eck, Plant Chemist - Gloucester Felt Mill. Jack will have to be trained to do this work and we will need the required equipment.

Will you please contact us in this connection and provide direction. The situation is considered to be urgent.
