FOR PERIOD ENDING
JUNE 30, 1941

Principal Office:

Executive Offices:

To the Stockholders of National Lead Company:

The following is a Consolidated Balance Sheet of National Lead Company as of June 30, 1941 and a Statement of Consolidated Income and Surplus for the first six months of 1941. The consolidation includes only domestic subsidiaries in which National Lead Company owns all of the outstanding capital stock. Dividends received from foreign corporations owned in part or in whole, domestic corporations not wholly owned, as well as interest on bonds and miscellaneous items not directly connected with current operations, are included in the item of "Other Income." During the period the company received foreign dividends amounting to \$178,175.15. The precedent established last year of setting aside all foreign dividends as additions to our existing Reserve for Foreign Investments has been followed. In view of the European situation, a further addition to our Reserve for Foreign Investments, amounting to \$450,000.00, was set aside to provide against possible losses. This amount has been credited to the Reserve for Foreign Investments and included in "Other Charges" in the Consolidated Earnings Statement. Dividends on National Lead Company Preferred and Common Stocks owned by the Company itself are not included in this statement, either as disbursements or as income.

FLETCHER W. ROCKWELL, President.
