To SUPERVISORS & MANAGERS	Mail Code LCH #283	From <i>Rodney A. Bollich</i> RODNEY A. BOLLICH	Mail Code LCH #283	Ext 113
Subject CORP. INDUSTRIAL HYGIENIST VIST - AUG. 20 - 21, 1990			Date AUG. 17, 1990	

On August 20-21, 1990, Mark Kennedy, Industrial Hygienist with CertainTeed, will be conducting a routine industrial hygiene survey.

Employee exposures to vinyl chloride monomer, noise and dust will be evaluated by collecting both area and personal samples. In addition to the routine monitoring, the hazard communication, respiratory protection and hearing conservation programs will be reviewed.

Please inform your employees of this visit, the purpose and importance of the monitoring, and the need for their full cooperation. Inform your employees that their respirators should be worn at proper locations at proper times and should be in good working order. Hearing protection should also be worn in the proper areas. They will be surveying at random times throughout the day and night, so bring this to your employees attention, so that they can be prepared and aware of his presence in the plant at any time.

He will be arriving first thing Monday morning, August 20 at 6:45 a.m.
