RE: Asbestos Removal
NESHAPS Notice

Dear Mr. Palmer:

As part of our continuing program to remove asbestos from the refinery, we plan to remove and dispose of asbestos insulation from the Powerhouse. Gilman Insulation Inc. is scheduled to start removal October 08, 1990, in accordance with OSHA and EPA standards. The project will be complete in approximately two (2) weeks. The asbestos material will be properly disposed of at BFI's landfill near Sinton, Texas.

Attached is a completed TACB Asbestos Demolition/Renovation Notification Form submitted to comply with NESHAP's and TACB notification requirements.

If you have any questions, please advise.

Sincerely,

A handwritten signature in cursive script that reads "Norman Renfro".

Norman L. Renfro
Manager, Environmental Engineering
