

1 A No.

2 Q Why not?

3 A Because case reports do not serve any
4 function other than call attention to certain areas.

5 If we already have proper epidemiologic
6 studies in that area, then there is really no need for
7 case reports.

8 Q Okay.

9 MR. WILLIAMS: Your Honor, may I have Dr.
10 Wong step down?

11 THE COURT: You may. Where do you wish him
12 to step down to?

13 MR. WILLIAMS: Right over here in front of
14 the jury. It will just take me a second to set up
15 here, Your Honor.

16 THE COURT: Mr. Williams, if you could move
17 that back perhaps about a foot and a half, perhaps it
18 could be visible to the parties and everyone else.

19 MR. WILLIAMS: Sure.

20 Is that sufficient, Your Honor?

21 THE COURT: Yes.
