Onderwerp: RE: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear ,

Hereby we confirm that you and your colleague are inscribed for attending the Open BCR meeting of 06/09.

We would however like to ask not to distribute the invitation any further within your network. Unfortunately we have limited capacity and time so we will only be able to give the floor to a limited number of stakeholders that we contacted directly. However we are looking at the possibility for online attendance so in case any of your members would like to follow the meeting virtually we can look into this.

This does mean that at the moment we can't confirm whether your colleague from Parker Hannifin will be able to attend physically. In case we are not fully booked it might be possible to include them, however we can only confirm this by 23/08 at the earliest. Our apologies for this short timing.

Do not hesitate to contact us for any questions on this.

Kind regards,

Policy Advisor Chemical Risk Management

Subject: RE: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear BCR,

Thank you in advance for organizing this second meeting ! We would like to be present but did not receive the answers of our members yet since some of them are in vacation.

The following names can already be confirmed:

Agoria: @agoria.be and
(@agoria.be)
Parker Hannifin: @parker.com)

Kind regards,

Expert Environment

Subject: Second Open Ad-Hoc Belgium REACH Committee (BCR) on uPFAS restriction

Dear BCR stakeholder,

We have received your request for having a discussion on the uPFAS restriction within the BCR framework. For this reason we are organizing a second Ad-Hoc Open BCR discussion on PFAS to give you the opportunity to have some discussion on this subject.

Because of the holiday period we are unfortunately not very flexible for setting a date, the best available date (considering the end of the Public Consultation of the restriction end of September) to organize this meeting would be **06 September 09:30-13:00**.

Could you please confirm that you will be attending this meeting? Please do so by sending a mail to reach@health.fgov.be with the contact details of who will be attending this meeting. More details on practicalities (presentation time, location, etc.) will follow later.

Kind regards,

Attaché Risicobeheersing van Chemische Producten
