Dear Dr. Machle:

On the list of samples which you recently sent us requesting further information, there was one taken from the Pure Oil Company's plant at Binghamton (Johnson City), New York by Mr. J. S. Krick on January 29, 1937. Mr. M. A. Taylor at Boston states the history covering this plant was sent in to you on January 8, 1937. I believe this to be correct, as we have a copy of same in our files.

Very truly yours,
