1. After advertising in newspapers.
2. After advertising by circular letters sent to _____ dealers and by notices posted in public places.
3. Without advertising, under an exigency of the service which existed prior to the order and would not admit of the delay incident to advertising.
4. Without advertising, in accordance with Act of April 18, 1930; Public 142 (Open Market Purchases not in excess of \$100.00).
5. Without advertising, it being impracticable to secure competition because of _____

*Among the reasons which may be assigned as making competition impracticable (see § above) are the following:

- (a) Under a formal contract for construction, there arises a necessity for additional work practicable of performance only by the contractor.
- (b) The articles wanted are patented or copyrighted and not on sale by dealers, but by the owners of the patent or copyright, or their agents or assigns alone, at a fixed and uniform price.
- (c) There is only one dealer within a practicable distance from whom the articles can be obtained.
- (d) Prices or rates are fixed by legislation, either Federal, State, or municipal; or by competent regulation.
- (e) Previous advertising for the identical purchase has been followed by the receipt of no proposals or only of such as were unreasonable, and under circumstances indicating that further advertising would not alter results.

Note.—The above form "Method of or Absence of Advertising" is to be used when purchases are made or services secured under proper authority without written agreement in any form. In case of a written agreement (formal contract, proposal and acceptance, or less formal agreement) Standard Form No. 1026 should be used for abstracting the method of or absence of advertising, award of contract, and form of agreement.
