Subject: EPA/OPPT Briefing on six draft Problem Formulations

Hello everyone,

This is a reminder that the briefing on the 6 draft problem formulations is tomorrow at noon.

As we prepare for this meeting, it would be helpful to hear if there are any topics that you want to be sure we discuss tomorrow. We would like to be able to tee these up for the topic leads. If you could send any topics/questions/comments by **COB today**, that would be extremely helpful. We recognize the short notice, and thank you again for your feedback on these documents.

Best,
Susanna
