Dr. Robert A. Kehoe
Laboratory of Applied Physiology
University of Cincinnati
Cincinnati, Ohio

Dear Dr. Kehoe:-

I have your letter of July 1 returning the manuscript, the article that I imposed upon you for correction, and I wish to say I appreciate very very much the time and effort you took upon this matter, and I am glad you have made the corrections as you have.

I disliked very much to ask you to go to this trouble but was anxious to have the article in this month's issue of Virginia Fruit and realize that my interpretation of your address would undoubtedly not conform to the best description from the standpoint of the Laboratory. Again I want to say that I appreciate your taking the time and trouble to make the corrections that you did.

With very best wishes and hopes that we can rouse sufficient interest to make an investigation possible, I am

Yours very truly,

W. S. Campfield
Secretary
