Importance: High

Dear Mr. Sadauskas,
Dear [REDACTED],

Thank you very much for your replies [Ref. Ares(2021)892168 and Ref. Ares(2021)1264838] to our letter of 26.11.2020 regarding the EU chemicals strategy for sustainability. We highly appreciate your detailed responses and your openness to continue the exchange in a (virtual) meeting.

As mentioned, the EU Chemicals Strategy for Sustainability (CSS) will have an important impact on the surface-plating sector. We would therefore be delighted to discuss with you how the strategy could be implemented in an effective manner without placing excessive burden on SMEs. In particular, we would be interested in hearing about your views on the position and suggestions we presented in our ZVO position paper (sent to Commissioner Sinkevicius and Commissioner Breton on 26.11.2020; see attached). Against this background, we would notably like to address the following points during our meeting:

- Ensuring quantifiable objectives, comprehensive impact analyses, and control of results in the implementation of the chemicals strategy;
- Guaranteeing safeguards for SMEs to avoid disproportionate burdens;

- Avoiding over- and double regulation (OSH vs. REACH).

Please allow us to suggest the following dates for a (virtual) meeting:

- 08. - 12.03.2021
- 29.03.2021
- 19. - 23.04.2021
- 26. - 30.04.2021
- 03. - 07.05.2021 (except 05.05.2021)

Of course, we remain open to alternative suggestions.

As participants from our side, I would like to propose [REDACTED] (ZVO
[REDACTED] and [REDACTED]) and [REDACTED]
[REDACTED] ([REDACTED] at the ZVO).

We look forward to hearing from you and are remain at your disposal for any questions you may have.

Yours sincerely,

[REDACTED]
