Dr. Robert A. Kehoe
Professor Emeritus of
Occupational Medicine
Kettering Laboratory
University of Cincinnati
Cincinnati, Ohio 45219

Dear Dr. Kehoe:

Thank you so much for responding to my earlier letter. I, like you, have been somewhat remiss in responding after receiving your letter. The situation in which I have been involved in Oklahoma has been through a hose manufacturing plant that has been emitting lead from its melting pot. We think that we are going to be able to settle this matter without a lawsuit. At least at the present time the company seems agreeable to this.

We have accumulated a rather substantial amount of data and the company has publicly admitted in the newspaper that it is polluting the atmosphere with lead. Because of this, I don't believe we will have much difficulty. Again, thank you for taking the time to respond to my earlier letter.

Cordially yours,

David Swank
Professor of Law
