

PICK A WINNER!

When you choose your ammunition for the Sea Girt small-bore matches pick a winner—US .22 N.R.A.'s.

US .22 N.R.A.'s. *are* winners. No doubt about that!

They were the only American-made .22 cartridges which won any of the prizes in the Olympic and International small-bore matches in France last year and they won 90% of *all* prizes.

They broke all records for the Dewar course at Camp Perry, Ohio, last year.

They won the 50 yard, 100 yard and 200 yard re-entry matches, together with the Eastern Small-Bore Team Match and the Spencer and Long-Range Individual Matches, at Sea Girt last year.

And they won four of the first five places in the championship and all of the first five places in the preliminaries at the Metropolitan matches in Brooklyn this year.

Test US .22 N.R.A.'s. yourself. Check up on our statement that they hit where you aim.
