Dear Mr. Zwicker:

We recently visited the Technical Center at Avon Lake as part of the VCM study, and the enclosed lists are employees who were transferred to Cleveland or Independence from Avon Lake. Would it be possible for you to send these lists to the appropriate persons at the Cleveland and Independence locations, for the following information:

1. Which ones were still working as of December 31, 1972.
2. Which ones are known to have died before that date, with date and place of death.
3. Which ones have retired or terminated, with most recent available address.

Thank you very much for your assistance. We have received excellent co-operation from all of the Goodrich plants which we have contacted, and follow-up is proceeding.

Yours sincerely,

William R. Gaffey
