**Subject:** Re: Invitation to Speak at ACC's Environmental Management Committee Spring Meeting

Anna,

You are not a pest, I am sorry I have been out of touch on this. I am happy to accept the invitation to speak -- however, I am a bit worried that I won't have anywhere NEAR 45 minutes of speaking material or even Q&A, since I am not in the pesticide/chemical office. I could give 5-7 minutes of general updates about the agency's reg reform work and if there are specific rules you'd like me to touch on I can go into those but I am just worried your members might be disappointed if they are expecting too much! Either way, happy to do it.

Hey Samantha,  
I hate to be a pest but I know I am. Any confirmation on your coming by next week?  
Thanks,  
Anna

**Subject:** Invitation to Speak at ACC's Environmental Management Committee Spring Meeting

Samantha,

I'd like to invite you to be the guest speaker at ACC's Environmental Management Committee's Spring Meeting on May 23, 2017.

This committee, which I manage, is comprised of 35 Board-approved representatives

from our member companies and provides policy direction to ACC's air, waste, and water workgroups. The EMC's top priority for this next cycle is regulatory reform, and they would benefit greatly from hearing from you.

In the past, our guests have come for about 45 minutes around lunch time. Some have stayed for only a half hour, some have stayed for an hour, depending on their availability. The format is flexible and generally informal, involving a short presentation and a Q&A portion at the end.

If you have any questions, please feel free to contact me at the number below. I'm also available by email.

Best,

Anna
