Dr. Robert A. Kehoe,
University of Cincinnati,
Cincinnati, Ohio.

Dear Dr. Kehoe,

Will you be good enough to send me as soon as you conveniently can, a list of questions which might be put to one of the plaintiffs in these cases for the purpose of determining whether he has any of the symptoms of tetra ethyl lead poisoning? It is possible that within the next week or so we may have an opportunity to have these questions put to him. I would appreciate it very much, therefore, if you would frame such questions for me.

Very truly yours,

Brooks Stryker
