B-H Brush Lacquer in Glass Jars

YOU KNOW before you start exactly
the color effect you're going to get.
For B-H Brush Lacquer now comes
in glass jars! You choose from the
actual colors themselves.

And B-H Brush Lacquer works so
easily under the brush—just like the
regular kinds of paint you've used. It
dries faster, of course, but there's am-
ple time to "brush out" and "smooth

up" surfaces and corners with ease.
You choose from eighteen attractive
colors—wonderful and endless other
shades can be had by mixing. What
fun and fascination there is in using
it! For furniture, ornaments and
floors. And—the empty jars make at-
tractive vases. See the B-H Lacquer
display at any of the dealers listed
below.

B-H Brush Lacquer can be had at the following dealers:
