Mr. Henry P. Shotwell, CIH
Shotwell Associates
Box 83
Budd Lake, NJ 07828

Dear Mr. Shotwell:

Your letter of August 21 has been forwarded to me by the AIHA Offices in Akron. I feel that remembering Morrie Joselow as a pioneer and hard worker in industrial hygiene is appropriate. Morrie and I were friends for many years and certainly I mourn his passing and miss his contributions and counsel.

I am forwarding your letter to the Executive Committee of the Board and including it on our October agenda. I cannot however, be very optimistic as to what action the Board will take. We seem to be having an increased number of special awards, memorials, plaques and other tributes. We may wish to set up a special program just for that or publish notice of the awards somehow. Be sure, however, that we shall discuss your suggestion fully. Thank you for bringing it to my attention.

Sincerely,

Howard L. Kusnetz
