Hi Allison and Stan,

I will be participating in the Coal, Hardrock and Uranium committee meeting along with Dana Allen from the EPA. Would you please send an agenda and a list of participants before Thursday? We want to be prepared.

Thanks,

Hi Patrick,

I will send you the invite for the Coal, Hardrock and Uranium committee meeting through outlook. It will take place at the CMA office next Thursday, 4/19 from 9:00am-10:30am.

Thank you,

Allison

Hi Stan,

Thank you. This committee sounds like the ideal forum. I will look for Allison's email.

Sincerely,

Patrick Davis

Hi Patrick, sorry for the delay in getting back to you. I am happy to schedule a meeting. We could use our monthly Coal, Hardrock and Uranium Committee which meets monthly.

I am copying Allison Wickham who works with me in setting up these meetings. She can send you the dates of future meetings.

I know our members will really appreciate the opportunity to meet.

Hi Stan,

EPA Region 8 will host a series of forums to interact and dialogue with industry reps and stakeholder groups representing key sectors of the economy in the states of CO, MT, ND, SD, UT, and WY. These forums will resemble the oil and gas round table held in Denver in February.

Forum goals include fostering a better understanding among EPA personnel of industry business models and best practices in environmental protection, and providing an opportunity for industry participants to learn about EPA's regulatory processes.

Region 8 Smart Sectors is partnering with trade associations and industries that represent the engine of the Region's economy and provide significant opportunities for environmental impact. Additional sectors may be added over time.

Region 8 Special Emphasis Sectors Include:

- Agriculture and food/beverage production
- Mining
- Outdoor Recreation/Tourism

May I please ask three things from you:

1. Name of the staff in your office with whom we should coordinate your organization's participation in these events.
2. A time in the coming months when your membership is gathered and could engage in a dialogue with the EPA.
3. Your suggestions for participants at these events

Thanks,

Patrick Davis
