Hello Todd,

Travis Deti, Executive Director of the Wyoming Mining Association confirmed today that his organization's members would like to host a mining Smart Sectors round table discussion at their annual convention on the afternoon of June 7th in Jackson, WY.

Topics to discuss:

Air quality for exceptional events

Streamling NEPA for mining – the Administrator tasked this group with this project when they met with him.

Additional topics generated from individuals attending the meeting

We are invited to attend the entire convention. The Government code is GOTV for government rates. (<https://www.wyomingmining.org/2018-wyoming-mining-association-annual-convention/>)
